

## How to Edit a Message Once it's Been Posted

After posting a message you may find you have a typo or if you would like to modify your text in some way. You can easily edit your message by clicking on the red drop-down menu next to the "Reply to Discussion" button and clicking on "Edit." Edits can be made to topics you post or replies you have made to someone else's post.

Topic: You can edit this post!
